## FISCAL ANALYSIS

### ASSUMPTION

Officials from the **Office of the State Courts Administrator** assume the proposal would not fiscally impact the courts.

Officials from the **Department of Public Safety - Highway Patrol** and the **Department of Agriculture** each assume the proposal would not fiscally impact their respective agencies.

In response to a similar proposal from 2010 (HB 1532) officials from the **Office of the State Public Defender** assumed the proposal would not fiscally impact their agency.

Officials from the **Department of Elementary and Secondary Education (DESE)** state there is no anticipated state cost to the foundation formula associated with this proposal. To the extent fine revenues exceed 2004-2005 collections, any increase in this money distributed to school districts increases the deduction in the foundation formula the following year. Therefore the affected districts will see an equal decrease in the amount of funding received through the formula the following year; unless the affected districts are hold-harmless, in which case the districts will not see a decrease in the amount of funding received through the formula (any increase in fine money distributed to the hold-harmless districts will simply be additional money). An increase in the deduction (all other factors remaining constant) reduces the cost to the state of funding the formula.

**Oversight** assumes there may be a minimal amount of fine revenue collected as a result of this proposal; however, Oversight assumes amount will not be material. Therefore, Oversight assumes the proposal will not have a fiscal impact on the state or on local political subdivisions.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
